A lovely and most charming Italian 19th century watercolor painting of the bay of Venice in its original giltwood frame. The painting depicts the bay of Venice at sunrise with a beautiful red sky in the background. At the center is a most impressive and finely detailed sailboat amidst smaller boats and fishing vessels with personages working in the foreground and tending to fishing nets. Set within its original giltwood frame with a beautiful stepped mottled design with foliate bands, charming leaves at the corners, and a beaded band at the border.
