A stunning and masterfully executed Italian 19th century white Carrara marble statue of a young maiden in a wheat field. The statue is raised by an elegant circular base with a fine mottled border. Above is a beautiful young maiden dressed in a charming wonderfully executed dress with exquisite flowing fabric, lovely tied ribbons, and her hair tied in an updo. She is standing amidst richly sculpted waist high wheat sprigs while holding her hand to her ear seemingly listening to the pleasant sound of the countryside.
