A stunning and high quality Italian late 19th century Alabaster statue titled 'Musing Girl Sitting', signed Emilio Fiaschi. This exceptional statue is raised on an oval rock and wave like base supporting the maiden above. A striking Lyre displaying wonderful scrolled and seashell decorations lays to her side, while her meticulously sculpted hands resting on her knees. She is dressed in a classical garment showcasing intricate folds and a Greek Key trim. Her dress cascades down her left shoulder while being delicately held by a circular fibula on the right. She displays a pensive expression, as if composing a song in her mind, while wearing a laurel crown in her tied back hair.
