A sensational and extremely high quality Italian mid 18th century oil on canvas painting of Venice. The stunning painting is set in its original giltwood frame and depicts the lovely Piazza San Marco overlooking wonderfully executed and finely detailed sailboats and gondolas. In the foreground are personages being transported and enjoying their boat ride while others are working and fishing. The original giltwood frame showcases elegant mottled designs with a wrap around Les Oves band at the border and richly carved floral reserves at each corner. All original gilt and wonderful intricate attention to detail throughout.
