A very unique French 19th century Louis XVI st. asymmetrically shaped mahogany and ormolu side table. The table is raised by most elegant lightly curved tapered legs below the bottom tier decorated with a fine ormolu band. Lovely architectural circular fluted columns support the top and display beautiful mottled plinths and ionic capitals. Above each leg are charming ormolu rosettes and a fine beaded band which extends around the table. Above is a beautiful pierced baluster shaped ormolu gallery framing the most decoratively shaped top. All original gilt throughout.
